

## INTERNATIONAL BACCALAUREATE EXAMINATION REGISTRATION for May '10

**Registration for IB exams will begin October 27th and end November 6<sup>th</sup>.** The exam results and the assessments done in class determine a student's IB "score." This valuable feedback lets students and Skyline know how we compare to students around the world. All students in IB classes do all IB work, but only students who register for exams receive an IB transcript and have the possibility of college credit/placement. *Guidelines for awarding credit differ; students should check the policy of their specific university.* Students who take exams will have a transcript from IB sent to the college of their choice in July. In addition, seniors receive a letter describing their IB work to include in their college applications. Lower scores on an exam do not impact college placement.

Registration will take place in classes. Forms are on line and will also be distributed in class. **Students must have completed forms to register. They may pay for their courses at another time, but not later than November 6.** Students who believe they meet qualifications for financial aid should check with Ms. Makin.

**Please review the following instructions. Make sure you are eligible for exams before you register. Only students who have been in the first and second year of a class qualify for HL exams. Fees are nonrefundable.**
